

## Clear Headphone cable

### Performance

We took the Clear speaker cable and scaled it down to work for the best headphones on the planet. This is a dual mono run (two completely isolated cables for left and right) just like a pair of speaker cables. Perfect for balanced or single ended operation. Completely neutral, detailed, with lifelike dynamics. This cable helps you to forget about the headphones and get lost in the music.

**Standard Termination:** Cardas 1/4" stereo and Sennheiser HD800. There are too many options available to list them all. Please contact us to learn about the newest additions to our large selection of headphone terminations.

### Design/Construction

**Conductors:** Matched Propagation Kevlar core, Grade 1, 99.9999% pure oxygen free copper with SPN clear coat (Litz), gauge sizes scaled to Golden Ratio proportions. Cross-field layer geometry, insulated in an FEP tape wrapped jacket.  
**Geometry:** Concentrically wound two conductor flanked by anti-static fibers. Braided nylon outer jacket.

**Gauge:** 8x26.5 AWG

**Outside Diameter:** 0.170"/4.31mm
